On June 21, 2022, Mr. Lovell reported to the probation office to submit to urinalysis testing. Mr. Lovell provided two urine samples that appeared suspicious to the undersigned officer. A sweat patch was applied on the right arm of Mr. Lovell to more closely monitor his drug use.

On June 23, 2022, the sweat patch was removed and sent to the contract laboratory for further testing. On June 30, 2022, the lab report was received and showed a positive result for the presence of methamphetamine.

The U.S. Probation Office respectfully recommends the Court to incorporate the violation(s) contained in this petition in future proceedings with the violation(s) previously reported to the Court.

I declare under penalty of perjury that the foregoing is true and correct.
